

What's Happening at Nathalia & District Historical Society

N&DHS has been given a grant by Public Records Victoria for \$10,500 to assist us to digitize the Nathalia Heralds from 1894 to 1813. This will make searching for your family history much easier. Once completed by the National Library it will be available to all on TROVE.

We are most grateful for this generous donation.

N&DHS has been given a grant from Bendigo Bank Community Grants for \$2,300 to cover five Honour Boards given to the Society by organisations that have ceased to operate in the Nathalia District. This grant will protect the boards which are art of our history. Many thanks, Bendigo Bank, for your support.

N&DHS held a stall at the recent Nathalia Agricultural Show. Donated items were on display, information about our group and how to join, and one of our members demonstrated the art of spinning wool.
